

KOCAELİ ÜNİVERSİTESİ
Tıp Fakültesi

KOCAELİ UNIVERSITY
FACULTY OF MEDICINE
RESEARCH AND
PUBLICATION SUPPORT UNIT
(2014)

PURPOSE OF FOUNDATION OF THE UNIT

- Research and Publication Support Unit, which provides statistical expertise and translation services, was established at Faculty of Medicine in August 2013.
- The main purpose of the unit is to provide statistical evaluation support for national and international academic studies of researchers (academicians, medical doctors and graduate students) within the Faculty of Medicine and to control and edit their articles translated into foreign languages.

UNIT SERVICE OFFICE

- Statistical consulting is provided by Prof. Dr. Canan Baydemir and Assist. Prof. Dr. Sibel Balcı at the Department of Biostatistics and Medical Informatics.
- Technical Equipment: There are 2 desktop computers and statistical softwares for the use of unit staff and researchers.

SERVICES

- To provide statistical advice on sampling design, questionnaire design, data collection techniques and experimental design at the planning phase of research process,
- To provide consultancy services on statistical analyses,
- To provide advice on the creation and interpretation of tables and graphs,
- To support the writing of scientific articles in international standards (IMRAD, CONSORT, APA Style, ASA Style),
- To provide translation support at the publication phase of the study.

the institutions that the Research and Publication Support Unit provides service in 2014 and the types of studies supported (133 studies in total) are listed below.
